

EIDOS Consultants Incorporated is an independent landscape architecture consulting practice, driven by the vision of its principals and staff -- *to shape a greener future.*

EIDOS is a leader in collaborative design. We focus on areas and projects that challenge us to use our strengths -- and to use them to excel. We approach each project focused on client and user needs; on function and form; and on sound economic planning encompassed by our understanding of, and sensitivity to, the environment. We all work in a way that encourages the support and input of our staff and others. The firm of twenty-five years is based in Edmonton, Alberta.

A full time position for an **Intermediate to Senior Landscape Architect** is available to a candidate who is a goal oriented, self motivated, creative and who possesses the skills required to take on projects and work well in team settings.

Candidates for this position should have:

- A degree in Landscape Architecture from accredited program.
- Preference given to candidates who have completed the Landscape Architecture Registration Exam (LARE).
- A minimum of five (5) years of North American based practice experience in the field of Landscape Architecture.
- A portfolio that illustrates the diversity of work completed as a Landscape Architect and the applicants design and freehand graphic abilities.
- Strong English verbal and written communication skills.
- Computer experience (CAD, Word, Excel, Photoshop).
- Project management skills (i.e. contract drawings, specifications, construction inspections, etc); and

Salary is commensurate with experience and capabilities. **Job Posting Closing: May 8, 2009**
